

August 9, 2013

Dear Parent(s):

This letter is designed to provide you with some additional information on your child's kindergarten year.

**Letter Identification and Early Reading Success**

Research has shown time and time again that one of the best indicators of early reading success is the speed with which a child can identify his letters. To assist you in working with your child at home on his/her letter identification, a set of flash cards can be made by cutting out and gluing the attached letters on blank index cards. These cards are for you to work with your child at home and should not be returned to school.

Thank you again for your support.

Yours in education,  
Mr. Washburn

**Adams Elementary School**
